HOMOGENEITY

CORRET PALLET
DIMENSIONS

CORRECT WEIGHT

EXTRA TIME FRAME

INSPECTION FEES

Do not combine non-homogenous cargo on a pallet

- If palletising your cargo you can only have one commodity per pallet
- Blue pens and black pens count as two different commodities
- Product description

Do not exceed pallet dimensions

- If palletising cargo ensure your goods fit within the below specification to go through the xray machine
- *1.20m x 1.20m x 1.53m LWH*
- *Max 1000kg CW per pallet.*

Submit your cargo as cartons if your pallet would exceed the above

- Each carton must be one commodity only

Allow an additional 1-2 days prior to export for screening process

Factor in additional inspection fees as per the below or ask your ICE Team member for a quote today!

Primary Screening

(X-Ray) Min AUD 20.00 or AUD 0.15 per kg

Secondary screening

(Electromagnetic Detection- EMD) Min 25.00 or 0.20 per kg + AUD 15.00 per piece.

If a further physical examination is required after the secondary screening, then additional fees apply. These will be charged at AUD 50.00 per hour / Min AUD 50.00, and will require the presence of an ICE staff member.
